

PERSONAL INFORMATION

Address: Solan, Himachal Pradesh

Phone: +91 8219622605

Email: abhinavthakurr23@gmail.com

Nationality: Indian

Gender: Male

Passport Status: Applied

MOTIVATION STATEMENT

As a Computer Science Engineering student, I have always admired Japan for its leadership in technology, robotics, and innovation while preserving its rich cultural heritage. Through the AYFN Autumn Japan Culture Camp 2026, I hope to learn from cultural exchanges, gain a deeper appreciation of Japanese society, and share my own experiences with fellow participants. This opportunity will strengthen my global outlook and support my goal of becoming an engineer who can collaborate effectively across cultures.

EDUCATION AND TRAINING

Bachelor of Technology in Computer Science and Engineering **Lovely Professional University (LPU) | Jalandhar, Punjab, India**

- CGPA: 8.11/ 10
- Relevant Coursework: Data Structures and Algorithms, Object-Oriented Programming,
- Database Management Systems, Software Engineering,
- Computer Networks, Operating Systems, Environmental Studies

PROJECTS & WORK EXPERIENCE

1.Smart Mess Wallet System (SMWS)

Independent Project

- Developed the Smart Mess Wallet System (SMWS), a digital solution designed to simplify mess fee management, meal tracking, and cashless transactions for students and administrators.
- Contributed to the system's planning, design, and development by focusing on user-friendly features, efficient data management, and secure digital payment workflows to improve transparency and operational efficiency.

2.Arduino-Based Sensor Glove for Sign Language Translation

Academic Project

- Designed and developed a wearable smart glove using Arduino and flex sensors to recognize hand gestures used in sign language and translate them into readable text and/or speech.
- Integrated sensors, microcontroller programming, and gesture recognition logic to improve communication accessibility for individuals with hearing and speech impairments while gaining practical experience in embedded systems and IoT development.

PERSONAL SKILLS

Mother tongue(s)	Hindi
Japanese language	Beginner (JLPT N5 in progress)
Intercultural skills	Comfortable adapting to new environments, experience interacting with people from diverse backgrounds through (clubs/events/travel)
Communication skills	Strong presentation and teamwork skills developed through group projects and events
Digital skills	Python Programming, Problem Solving and Algorithmic Thinking, MySQL Database Management

CERTIFICATIONS & ACHIEVEMENTS

- Certificate of Excellence — **Shoolini University, 2024**
- Certificate of Achievement — **Geography Quiz Competition**, School Level
- Certificate of Achievement — **History Quiz Competition**, School Level
- Certificate of Achievement — **Computer Quiz Competition**, School Level
- Participant — **Inter-School Football Tournament**
